

# U.S Department of Health and Human Services (HHS)

## **Sanjay Joseph Koyani, MPH**

### **HHS CTO Executive Director & HHS Executive Lead for ReImagine HHS's Data Insights Initiative**

Over 20 years' experience leading transformation and modernization efforts in government public health operations and services, user-led solutions to healthcare issues, innovation programs, and strategic planning. Currently Mr. Koyani serves as Executive Lead for ReImagine HHS's Data Insights Initiative – a Deputy Secretarial-level priority – establishing HHS's first enterprise data strategy and cloud-based, scalable data sharing platform.

Mr. Koyani also serves HHS as Executive Director at HHS providing leadership on HHS-wide innovation programs that enable HHS to improve health care outcomes and modernize government operations.

- Recent [presentation CXO Uncle Sam Meets Silicon Valley](#)

Prior to this, Mr. Koyani led significant public health programs in regulatory communications and digital strategy, budget and congressional oversight, and established operations and innovative systems for new Offices like HHS's first Web Communications Division in ASPA, NIH's first user experience program, and FDA's Center for Tobacco Products.
